Big Motoring World give [BMW Kent](#) a very good name indeed. The sheer volume of stock they hold is commensurate with most large car supermarkets in the UK. This used car dealer specialises in used BMW. In fact, they scooped a prestigious award in 2010 which was awarded by Motor Trader. This celebrated this dealer as the Best Independent Used Car Retailer in the UK. There was some stiff competition for this award from many BMW car dealers Kent and further afield. However, these guys won it and it is testament to their knowledge, quality of cars sold and the dedication of their sales team. I hope Big Motoring go from strength to strength.
